Unfinished Business

A. **Review of VSF- DVS MOU/Rider:** Dr. Lanier noted a draft had been circulated and reviewed by the Board Chair, Finance Committee Chair and the P&P Committee Chair. Executive Director Boughey stated that the version MOU/Rider that was distributed at the beginning of the meeting is the most recent version of the document. It is a result of numerous meetings with DVS Leadership beginning April 9, 2021. The document was not distributed until the beginning of the meeting because it was not returned to VSF from DVS Leadership until the Friday afternoon before this Tuesday meeting. Dr. Lanier asked for feedback from meeting attendees. Board Chair Lesinski noted that this is only the second year VSF has operated under an MOU/Rider with DVS. While the meetings began in April this year, the MOU/Rider historically has not been signed until the September meeting date. Chair Lesinski also noted that without a new agreement, VSF is able to work under the old MOU/Rider until a new one is approved. Dr. Lanier stated that he would like to have his committee to have input regarding the feedback from his committee. Finance Chair Stosch commented to remind members the MOU/Rider reflects the \$160,000 the Foundation receives from the General Fund. The Rider delineates how the money will be allocated to cover service costs from DVS. Finance Chair Stosch noted the provision to encourage the Foundation to petition the General Assembly for additional funds if that was needed. For example, the \$160,000 is all the Foundation has to reimburse the DVS. Finance Chair Stosch believes there needs to be an understanding that if the Foundation needs to petition the General Assembly for more money, the Foundation will be able to do so. Finance Chair Stosch also noted that in Section E of the document, it is important for the Foundation to be the primary contact for donors. He questioned the inserted language of “regarding donations”, Chair Lesinski noted that this section is new language. VSF Treasurer, Tammy Davidson noted the language was redundant. Chair Lesinski noted a grammatical error in Section D. VSF Treasurer, Tammy Davidson noted on Section H that she will not have accurate data in March and questioned the last line of Section H. Executive Director Boughey clarified the Commissioner requested the last line of Section H. Finance Chair Stosch noted the spirit of the language was to help eliminate any funds reverting back to the General Fund. Dr. Lanier asked if there were any other edits. There were none. Dr. Lanier requested a clean copy of the MOU/Rider to be provided to both committees before any further action is taken. Finance Chair Stosch asked about the change to Section C and suggested changing “obtain” back to “contract with”. VSF Treasurer Tammy Davidson asked about the initial \$70,000 transfer to from DVS to VSF if a new MOU is not signed by the September meeting. Typically this transfer happens in July and it has not yet happened. Finance Chair Stosch stated the intent was to remit the entire \$160,000 to DVS through whatever transfer schedule was necessary and the Executive Director would have the discretion to approve or disapprove.

B. **Discussion of Budget Requests from VDVS for FY23 and FY24 and Discussion of General Fund Budget Requests and Expenditures for FY23 and FY24:**

Finance Chair Stosch distributed the General Fund appropriation and explained the process to petition the General Assembly for spending authority. Finance Chair Stosch noted the state approved a 5% pay raise for state employees, but it is not currently included in the Foundation’s numbers. There is currently no flexibility for spending the \$160,000 owed to DVS and the amount paid in Foundation salary. Finance Chair Stosch noted there are a number of restraints for the Trustees to comply with the fiduciary duties; the first restraint is to the donors, the second restraint is for the department, their fee due to the department for services provided, the third restraint is designated donations, specifically, if there aren’t enough funds to do what has been designated. WS referenced the FY22 HI/Low budget that’s been approved by the Finance Committee. The only funds the Foundation can claim is the interest gained on the Non General Fund account. This is important because the amount appropriated for the new FTE was inadequate. It is necessary to transfer Non General Fund interest back to the state. Finance Chair Stosch stated that this has never been done before. VSF Treasurer Tammy Davidson

noted interest has dropped abysmally so this is not a feasible long-term plan. VSF Treasurer noted the salary will begin being expensed from the Non-General Fund budget. VSF Treasurer also mentioned the option of one-time option to carry forward a request from DPB. In order to prevent the need to use Non-General funds in the future, a budget decision package is submitted to the Secretary for her review. If approved by the General Assembly, this would increase the General Fund appropriation to fully fund the Foundation's FTEs. Executive Director Boughey asked VSF Treasurer Davidson if there is an update from the Cemeteries regarding the carillons. VSF Treasurer Tammy Davidson said there is no update. Finance Chair Stosch asked Ms. Davidson if DVS has any new projects in the pipeline from which the Foundation could solicit funds. Ms. Davidson stated that DVS does not currently have the bandwidth (ability?) to take on any new projects.

New Business

- A. Approval of MOU/Rider:** Board Chair Lesinski moved to approve the changes discussed at today's meeting and allow the Procedures and Policies Committee to review a clean copy. Paula Buckley seconded the Motion. The motion passed.
- B. Recommend Approval of Budget Requests for FY23 and FY24:** Board Chair Lesinski moved that the Finance Committee recommend to the Board for approval the transfer of \$18,515.57 of Non-General Interest Funds included in Item 467 of the Appropriation Act to be transferred to General Funds, Item 468 of that Act to support salaries and benefits not included in the state budget appropriation process and that the Executive Director take whatever action is necessary to effectuate such transfer. I further move the recommendation for approval of the Decision Package Request for additional General Funds as submitted for the Fiscal years 2023 and 2024 to support additional anticipated expenses of the Foundation. Dr. Lanier seconded the motion. The motion passed.
- C. Other New Business: :** Finance Chair Stosch noted he would like a report on the usage of the General Fund like the one that is provided for the usage of the Non General Funds. This would allow the Board to be most up to date and ensure there is no reversion to the General Fund. VSF Treasurer Tammy Davidson said one would be provided. Chairman Stosch noted that there remain several unresolved expenditures for the fiscal year ended 6/30/21 which require final review by the Finance Committee. There was no other new business.

Unfinished Business

A. Review of FM10 Financial Report from DVS on VSF Donations and Expenses: Senator Stosch

Senator Stosch reviewed the FM10 Financial Report (Attachment Three¹) for donations and expenses in detail. Though the Foundation seeks donations, it must get approval from the General Assembly to spend the money and the Foundation can spend up to \$796,500. Ideally, the donations would match \$796,500. The sum of the funds at the end of FM10 is \$1.9 million dollars. In sum, VSF has collected \$252,000 and spent \$ 253,000. The contribution from Sentara was received recently, but not included in this financial report.

Dr. Lanier asked when the Foundation receives the audit letter from the Auditor of Public Accounts. Senator Stosch noted that VSF receives the letter after the June year end and that there has never been a material finding. Ms. Davidson expects the letter to be received around August.

Ms. Buckley asked if expenses were much less in FY21 due to COVID and if they are normally higher. Senator Stosch said that expenses were reduced because there was significantly more federal funding available.

Chairman Lesinski noted that the Commissioner is focused on the homelessness issue. The eviction moratorium is soon to be lifted and expects the homelessness need to increase.

B. Discussion of FY22 VSF to DVS General Fund Allocation: Senator Stosch

The source of funding for the Foundation is not only donations, but also the General Fund. The General Fund provides funding for staff and the support services from the Department of Veterans Services. This concept is important because it allows VSF to tell the donors that one hundred percent of the donations are used exclusively for the benefit of veterans. The \$160,000 allocation is now under review between the Foundation and the DVS Commissioner. There is no action required of the Finance Committee, but the Senator will keep the Committee informed.

C. Review DVS High/Low Budget Request

This is the annual proposal by the DVS for their spending expectation for the FY22 year. This document serves as a guideline for spending priorities in a high/low format. The Foundation has ample resources to honor DVS' request. The Foundation has \$1.9 million with a \$650,000 low request and \$796,500 high request and have the resources to approve either request.

Mr. Haughton asked if this could be considered level funding for the next year. Senator Stosch answered that DVS could come back and ask for more funding in the future but for now it is a level request.

Dr. Lanier asked how the support for staff administration be factored into the budget. Senator Stosch answered that personnel is handled out of the state budget and not this budget request.

D. Executive Directors Report: Executive Director Boughey

Executive Director Boughey updated the Committee on the status of donations, they are down for FY21 but the Sentara donation (\$150,000) was just received. The donation total is currently \$254,947 and last year at this time the donation total was \$405,000. Last years total included \$90,000 from the Dominion Energy Classic, the Altria Grant and a number of large donations. The direct mailer is set to go out at the end of May and is the last big fundraising push for FY21.

Ms. Davidson noted that many donations came in during the 4th quarter of FY20 and she is not hopeful those will come for the end of FY21.

Unfinished Business

Senator Stosch gave a brief synopsis of the 2019 Audit Report. He noted the auditors found no discrepancies and all balances were correct.

Proposed VSF to DVS General Fund Allocation (Attachment Three):

Senator Stosch noted that Tammy Davidson and Jack Hilgers have been working on the fund allocation for months, as the statute requires DVS to provide all services except those of the Executive Director. This allocation deals with all of those services. Mr. Hilgers and Ms. Davidson analyzed the last four years of allocations and found that they could be resolved through this new allocation. Mr. Hilgers noted that salaries for those performing the services would be based on the median salaries provided by DHRM. This would still leave funding for marketing outreach. Mr. Hilgers noted the technical changes with each allocation. Ms. Davidson further explained that actual salaries of the people performing the services for VSF were previously used and changing the listing to the median salary would allow more consistency and uniformity. Senator Stosch added that mechanically as a separate agency, VSF is bound by the state budget, one is the non-General Fund and the second is the General Fund. The \$160,000 that was previously funded to DVS has been redirected to VSF, for VSF to reimburse DVS for services. Senator Stosch noted that one new item is the allocation for a fundraising, collaborations, and communications inclusion. Senator Stosch asked if there were questions. There were none.

Proposed Modification to DVS-VSF MOU and Rider thereto (Attachment Four)

Senator Stosch noted that Mr. Hilgers has been working on this MOU for several years, as the relationship between DVS and VSF requires collaboration. The funds that are taken in by VSF are used to provide supplemental funding through DVS to veterans in need. Mr. Hilgers explained the history of the MOU and that Commissioner Maxwell suggested condensing the MOU. Because of the uncertainty of the allocation of the \$160,000 during the June 24, 2020 meeting of the VSF Board of Trustees it was agreed upon to rereview the MOU. There has since only been one minor change, in paragraph 2c. The rider was developed by Ms. Davidson and Mr. Hilgers to combine the recommendations of the Finance Committee and the DVS Commissioner. These changes provide for periodic review of the rider as necessary. Ms. Davidson noted that the changes were appropriate for the time and current allocation of funding. Senator Stosch noted that this is brought about by the change in the \$160,000 allocation. Chairman Lesinski asked about the change to the MOU regarding "review within 90 days of a new chair" and if it is to be reviewed annually. Mr. Hilgers explained that the review period in the MOU was chosen by the previous VSF Chairman because the \$160,000 allotment had not yet been decided on during the June 24, 2020. Mr. Hilgers proposed an amendment to the MOU noting that the document be reviewed biannually. Senator Stosch noted that there is a provision in the rider that permits it to

be reviewed periodically and suggested the amendment read "the document be reviewed not less often than biannually". Mr. Hilgers proposed an amendment to the MOU noting that the document shall be reviewed periodically but not less than biannually. Chairman Lesinski moved the proposed amendment. Mr. Haughton seconded the motion. A roll call vote was taken, and the motion passed unanimously.

Proposed Modifications to the VSF Budget by Activity (Attachment Five)

Mr. Hilgers and Ms. Davidson worked together to amend the amount available to increase the salary for the new FTE. This required a movement of \$20,000 out of the VVCC budget because the VVCC has been historically overbudgeted. That \$20,000 would be moved to the support funds. Ms. Davidson added that the addition of \$20,000 to the salary for the FTE would result in an allowance for total compensation for the new FTE of \$90,000 which is the highest amount a new FTE could be paid, it is not what the new FTE must be paid; it will depend on the insurance needs of the new FTE. Mr. Hilgers pointed out that no new money is being used, it is being reallocated and no donor funds are involved. Senator Stosch asked if there were questions. Chairman Lesinski asked if this was money that Dominion, Altria, or Smithfield donated and been earmarked for specific projects. Senator Stosch confirmed that it was not. Mr. Hilgers noted that the spreadsheet was changed for greater transparency to donors.

Proposed Appropriation Act Amendments for FY21-22 (Attachment Six)

Senator Stosch explained that this a request of the General Assembly to increase the General Fund allocation. Ms. Davidson explained that the request would be for \$50,000. This would include \$20,000 additional for the FTE and an increase in the Executive Directors salary if necessary. This would allow the board more flexibility to increase salaries necessary. Ms. Davidson explained the logistics of how the budget request will proceed. Senator Stosch asked if this request requires advocacy, Ms. Davidson said it did not. Chairman Lesinski asked if this request is too tough given the current climate. Ms. Davidson noted that if VSF does not ask, no one will know there is a need. Chairman asked if this was also requested last year. Ms. Davidson answered that this request is in addition to last years request and that this would not go into effect until FY22 if approved. Ms. Davidson noted that the request would be her request as the Treasurer of VSF and on behalf of the Board. Senator Stosch asked if there were questions. There were none.

4th Quarter FY20 Financial Report (Attachment Seven)

Ms. Davidson explained the specifics of the attached report. Chairman Lesinski described the conversation during the BVS regarding the potential for increased requests for the homeless population when the eviction moratorium expires. Senator Stosch noted that there are restricted donations and that DVS is not spending those funds on the same track as those donations are coming in and the hope is to use more of those funds for retraining and transitioning veterans into the workforce and homeplace. He also noted that VSF must be sensitive of ensuring donor funds are being spent to assist veterans. Executive Director Boughey noted a future call with Altria to discuss a potential for a collaboration in veteran training and employment. Chairman Lesinski noted that during the BVS meeting Deputy Commissioner Walker mentioned a potential request to earmark VSF funds for a new customer relations online management system. Executive Director Boughey and Ms. Davidson noted that they were unfamiliar with that

potential request of VSF. Senator Stosch recommended Chairman Lesinski verify the contract with restricted donors allow for a use of that nature. Senator Stosch asked if there were questions. There were none.

New Business

Mr. Hilgers recommended taking a block vote. Mr. Haughton noted that he did not want the Proposed VSF to DVS General Fund Allocation and the Proposed Modification to DVS-VSF MOU and Rider in a block. Chairman Lesinski moved and Mr. Haughton seconded the motion to put the Proposed Modifications to the VSF Budget by Activity, the Proposed Appropriation Act Amendments for FY21-22, and the 4th Quarter FY 20 Financial Report into a block for voting (Block c, d, & e). A roll call vote was taken for the block containing 5 c, d, & e and it was approved unanimously Mr. Haughton moved and Chairman Lesinski seconded the motion to put the Proposed VSF to DVS General Fund Allocation and the Proposed Modification to DVS-VSF MOU and Rider in a block for voting (Block 5a&b) A roll call vote was taken for the block containing 5a &b. Two Trustees voted aye and one Trustee voted nay.

Senator Stosch asked if there was any new business. There was none.

FOUNDATION HIGHLIGHTS

The Veterans Services Foundation (Foundation) was established as a separate agency on July 1, 2017, within the Secretary of Veterans and Defense Affairs. Previously, the Foundation was managed as a separate fund within the Department of Veterans Services (Veterans Services). The Foundation collects and manages donations to support various Commonwealth administered programs for veterans. Veterans Services provides administrative support to the Foundation and donations for the Foundation are primarily received and deposited through the Veterans Services' finance department.

The following table summarizes financial activity for the Foundation for fiscal year 2019. The Foundation also receives General Fund appropriations of \$115,000, which are used to fund the director's salary and related benefits, but this financial activity is not included below.

As shown above, the Foundation transferred \$650,000 to Veterans Services during the year to be used to fund various veterans' programs in accordance with any donor restrictions. Veterans Services spent the majority of these funds for the Virginia Veteran and Family Support Program (VVFS) and the Veteran Education, Transition, and Employment (VETE) program. The VVFS program provides behavioral health, rehabilitation services, and support to Virginia's veterans and their family members. The VETE program provides veterans access to training, licensure, and certification programs, as well as assisting institutions and employers in Virginia to become certified in approved veteran hiring programs.

The Foundation has a closing cash balance of over \$1.5 million at the end of fiscal year 2019. The Foundation Board's policy is to maintain a reserve of approximately \$800,000, in addition to the funding for the next year's expenses.

The Honorable Ralph S. Northam
Governor of Virginia

The Honorable Kenneth R. Plum
Chairman, Joint Legislative Audit
and Review Commission

We have audited the financial records and operations of the **Veterans Services Foundation** (Foundation) for the year ended June 30, 2019. The Foundation received administrative and other services from the Department of Veterans Services (Veterans Services). We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Audit Objectives

Our audit's primary objectives were to evaluate the accuracy of recorded financial transactions in the Commonwealth's accounting and financial reporting system; review the adequacy of the Foundation's internal controls; test compliance with applicable laws, regulations, and donor restrictions; and review corrective actions of audit findings from prior year reports.

Audit Scope and Methodology

The Foundation's management has responsibility for establishing and maintaining internal control and complying with applicable laws, regulations, and donor restrictions. Internal control is a process designed to provide reasonable, but not absolute, assurance regarding the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws, regulations, and donor restrictions.

We gained an understanding of the overall internal controls, both automated and manual, sufficient to plan the audit. We considered significance and risk in determining the nature and extent of our audit procedures. Our review encompassed controls over the Foundation's revenues and expenses.

We performed audit tests to determine whether the Foundation's controls were adequate, had been placed in operation, and were being followed. Our audit also included tests of compliance with provisions of applicable laws, regulations, and donor restrictions. Our audit procedures included inquiries of appropriate personnel, and inspection of documents and records. We performed analytical procedures, including a trend analysis. We also tested details of transactions to achieve our objectives. Our audit of the Foundation did not include controls and fiscal operations of Veterans Services that did not support services provided to the Foundation.

A nonstatistical sampling approach was used. Our samples were designed to support conclusions about our audit objectives. An appropriate sampling methodology was used to ensure the samples selected were representative of the population and provided sufficient, appropriate evidence. We identified specific attributes for testing each of the samples and when appropriate, we projected our results to the population.

Conclusions

We found that the Foundation properly stated, in all material respects, the amounts recorded and reported in the Commonwealth's accounting and financial reporting system. The financial information presented in this report came directly from the Commonwealth's accounting and financial reporting system.

We noted no matters involving internal control and its operation that we consider necessary to be reported to management. The results of our tests of compliance with applicable laws, regulations, and donor restrictions disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Foundation has taken adequate corrective action with respect to the audit finding reported in the prior year that is not repeated in this letter.

Exit Conference and Report Distribution

We discussed this report with management on June 26, 2020.

This report is intended for the information and use of the Governor and General Assembly, management, and the citizens of the Commonwealth of Virginia and is a public record.

DRAFT MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is between the Department of Veterans Services (DVS) and the Veterans Services Foundation (VSF) that augments the provisions of the Code of Virginia §2.2-2000 et seq., §2.2-2715 et seq., and the Appropriation Act with both agencies functioning as partners to provide for their shared mission to support Virginia's veterans and their families. This MOU recognizes that the DVS – VSF team must have clear and transparent communications and mutual understanding of requirements for resourcing programs and services in order to provide effective support to enable the expansion of support for the veteran community. Therefore:

1. DVS and VSF shall participate in a united front to develop and fund programs that support Virginia veterans and their families; therefore, both agencies shall work together to:
 - a. Build relationships between VSF and DVS personnel, in general and on a functional and regional basis.
 - b. Conduct fundraising planning and execution to seek, promote, track, and stimulate contributions to support veterans' programs and services, and raise awareness about those programs and veterans issues across the Commonwealth, while targeting those veterans programs that can benefit most from VSF support.
 - c. Appoint staff members to monitor, coordinate, and expedite the terms and conditions of this MOU and act as agency agents for administration and act as liaison between DVS and VSF.
 - d. Keep each other informed of initiatives and activities, including those involving the executive and legislative branches of state government, which relate to our shared objective, and coordinate as appropriate.
 - e. Establish and maintain joint policies supporting administration of the Veterans Services Fund (the Fund), transfer of supplemental funding to DVS, VSF Funding Guidelines, fundraising, and other joint policies to facilitate the purposes of this MOU.
 - f. Pursue the goal to make Virginia the most veteran-friendly state in the nation.
 - d. Participate in a biennial review of this MOU and revise it as necessary.

2. VSF raises funds and awareness in support of DVS programs and services across the Commonwealth and provides continuing support to DVS as follows:
 - a. Transfer funds to supplement funding for DVS programs and services in accordance with jointly agreed VSF Funding Guidelines, fund balances, and approved budgets.
 - b. Reimburse DVS for the Auditor of Public Accounts (APA) annual audits (*Code of Virginia* § 2.2-2717), unless APA waives the cost of VSF audits.
 - c. Reimburse DVS periodically on a mutually agreed upon basis for personnel costs incurred in supporting the VSF with administration, accounting, Fiscal Officer oversight, procurement, payroll, year-end financial reporting, DPB Budgeting/PB system entry, technical assistance, communications & public relations, marketing, human resources, and information technology. See attached Rider for details.
3. DVS serves the veterans community and provides administrative and operational expertise to VSF in support of its fundraising and community awareness responsibilities as follows:
 - a. Furnish personnel and financial support, within DVS capabilities, to assist with VSF administration, accounting, technical assistance, public relations, marketing, and fundraising programs. VSF administration includes assisting with agendas, logistics (e.g., space for VSF meetings and staff members), transcription of minutes, and other necessary activities to support all VSF Board and Committee meetings and staff activities.
 - b. Provide substantive input on DVS and veteran population requirements and priorities to guide VSF fundraising.
 - c. Provide technical assistance regarding contracting initiatives and grants.
4. ~~This Memorandum of Understanding shall be reviewed within 90 days of the assumption of a new Board Chair.~~ This Memorandum of Understanding shall be reviewed periodically but not less than biennially.

This agreement amplifies requirements contained in the *Code of Virginia*, and as such, may be changed or eliminated as or when the *Code of Virginia* so directs.

Annual Rider to DVS-VSF MOU

Dated

September 17, 2020

1. The Memorandum of Understanding (MOU) between the Department of Veterans Services (DVS) and the Veterans Services Foundation (VSF) augments the provisions of the Code of Virginia §2.2-2000 et seq., §2.2-2715 et seq. This Rider to the MOU section 2.C supplements the Appropriation Act allotment of \$160,000.00 to VSF for services provided to the Foundation by DVS.
2. This Rider is based on the premise that the DVS – VSF team must strive to maximize return on the allotment to resource services for effective mutual support. Both agencies recognize that the \$160,000.00 is a reasonable amount for current required services and that the allotment is a set amount and will not increase with personnel and other services costs appropriated ~~allotted~~ to agencies by the state to cover increased expenditures placed upon the agency. The VSF Executive Director and the DVS Chief Financial Officer will review this amount periodically and at least annually to ensure it remains a reasonable amount.
3. The allocation of funds for FY 2021 is set forth in the attachment (VSF to DVS General Fund Allocation For FY2021) based on the following criteria:
 - A. The amounts allocated to personnel for their services are based on the hourly median salary for the position without fringe benefits, unless an individual is employed more than 72.5% of the time in VSF business.
 - B. The cost of equipment, supplies, and other support shall be based on a share of the charges incurred by DVS as assessed by other supporting state agencies (e.g., VITA, DGS, DOA) and state rates for travel and lodging.
 - C. The allocation of funds for mutual marketing, outreach, public relations, and fundraising is needed to raise awareness and VSF funds for DVS programs across the Commonwealth, while targeting those veterans programs that can benefit most from VSF support.
4. VSF shall reimburse DVS semiannually in July and January in the amount of \$70,000.00 for each six month period and use the residual of \$20,000.00 during May-June for reconciliation of costs.
5. This Rider and the attached Annual Allocation of Funds shall be reviewed annually during the May-June period for the next fiscal year and approved by both VSF and DVS at the VSF June quarterly meeting.

To increase the GF Appropriation \$20,000 to allow for adequate funding to hire and retain a qualified employee for the FTE transferred from DVS in FY21. The current funded salary does not allow for the hiring and retention of a fully qualified individual.

Increase appropriation \$5,000 (GF) to allow for up to a 5% raise for the Executive Director should the Board desire to provide one. Currently there are no funds in the GF appropriation to allow for this.

\$25,000 GF to increase the current \$115,000 GF appropriated for an Executive Director to allow for fully loaded fringe to be available for the current FTE. When the FTE and appropriation of \$115,000 transferred from DVS to the Foundation, the amount was based upon the current Executive Director's compensation, which did not include healthcare. Healthcare for one employee costs an agency between \$8,232 & \$21,624 annually depending upon the level of coverage they elect. Without this increase, the Board would not be able to afford any changes in their current employee's Health insurance coverage nor would they have the ability to provide fully loaded salary and fringe should a new Executive Director come on board at some point in the future.

Total requested GF Increase - \$50,000.

A. The purpose of this policy is to establish operating procedures for appropriating, allotting, allocating, and expending financial donations from the Veterans Services Fund (the Fund) through the Department of Veterans Services (DVS) Division Subsidiary Funds. The Subsidiary Funds are administered by the Veterans Services Foundation (VSF) Board of Trustees (the Trustees) through the VSF Executive Director in conjunction with the DVS Chief Financial Officer (CFO) and DVS Division Directors.

B. This joint policy is the last in a series of four policies that cover the VSF pursuit of supporting veterans and their families through cycles of fundraising, controlling in-kind donations, Veterans Services Fund management, and Veterans Services Fund allocations and expenditures. This policy sets forth the requirements for sustaining the continuing cycle from budgeting, allocation of resources, and expenditures. Expenditures usually result in additional funding needs that are to be met through fundraising.

C. This policy is to be used in conjunction with VSF-DVS Joint Policies J11 (Fundraising) covering solicitation and receipt of donor funds, J12 (Control of In-kind Donations) concerning non-financial donations, J13 (Veterans Services Fund Management) regarding recording, accounting, reporting donations, and generally managing financial donations made to the Fund.

J14.2 Application

The VSF Executive Director in conjunction with the DVS CFO and the DVS Division Directors are responsible for the application of this policy.

J14.3 Interpretation

The VSF Chair, in consultation with the DVS Commissioner, is responsible for the interpretation of this policy.

J14.4 Overview

A. The VSF charitable funding process begins with an assessment of the unmet needs of veterans and their families and available funds required to meet those needs. Those funds may be available from General and Non-general Funds and charitable donations set forth as Dedicated Special Revenue in the Appropriation Act. Shortfalls in General and most Non-general funds may be met with increased appropriations, if available, and donor contributions that may be on hand or need to be raised. The primary document for meeting needs is the budget, which is a primary policy document showing how the state and its agencies will prioritize and achieve its biennial and annual objectives. The budget is a contract between citizens, including donors, and state agencies showing how resources are raised and allotted for veterans' services. Good budgeting supports the pillars of governance: integrity, openness, participation, accountability, and planning to achieve objectives. Appropriation requests are based on the VSF and DVS budgeting process; a joint responsibility of VSF and DVS as set forth in this joint policy.

VSF-DVS Joint Policy Number 14		Revised:

B. To achieve unfunded and unmet veterans' needs, VSF in conjunction with the DVS Divisions solicits and accepts donations to foster the aims of DVS programs and enhance operations beyond the scope of appropriated funds. In addition, donations can be solicited to support specific activities to foster community involvement and outreach. The allocation, and expenditure of donations shall be controlled by the Uniform Prudent Management of Funds Act, §64.2-1100 et seq., and the Donor's Bill of Rights paragraph assuring that donors' gifts will be used for the purposes for which they were given contained in Appendix A.

C. The VSF Board of Trustees serves a fiduciary responsibility to donors and a substantial source of funding to DVS to meet the needs of veterans not otherwise available for funding through the state budget or other sources. DVS serves as the VSF agent, in accordance with the Uniform Prudent Management of Funds Act, for the receipt, deposit, management, allocation, and expenditure of funds. The expenditure and disbursement authority is subject to approval or disapproval by the VSF Executive Director and the board of trustees based on the Code of Virginia. §2.2-2718.C.

J14.5 Policy

- A. One hundred percent of all contributions made to VSF shall be used to provide direct support to Virginia veterans and their families in crisis or in need of assistance.
- B. VSF and DVS shall, in coordination with the DVS Division Directors, oversee and ensure that monies collected are properly expended unless they are held for nonrecurring expenses or emergencies.
- C. VSF and DVS shall jointly participate in the internal operating budget development process to provide timely information for authorized DVS requests and expenditures.
- D. VSF shall advise DVS, as necessary, during the state budget development process to help ensure that the Appropriation Act reflects the appropriation allotment (spending authority) needed to support expenditure of donated funds in support of DVS programs and services.
- E. DVS shall provide assistance to VSF in the development of budgetary documents.
- F. DVS shall provide financial management and accounting necessary to ensure compliance with disbursement requirements set forth by the State Department of Accounts, State Auditor of Public Accounts, and VSF-DVS Joint Policies in a manner that segregates VSF from DVS activities.
- G. VSF shall, as required, transfer funds to supplement funding for DVS programs and services.
- H. Donations shall only be used for program expenses for direct services to veterans and their families that are not related to administrative or fundraising. For the VSF, these include emergency expenses associated with DVS programs' direct services. The Fund is not an auxiliary or reserve fund for DVS or VSF.
- I. VSF and DVS may delegate expenditure authority to the DVS Division Directors.
- J. To provide mutual DVS-VSF integrated controls, DVS shall provide to the VSF Executive Director for approval a monthly report, by the 20th day of the following month, containing a list of expenditures that are requested as reimbursements to VSF funds. The VSF Executive Director, within seven business days of receipt, shall approve or disapprove such expenses. If disapproved, the expenses shall be moved to an alternate source of DVS funding.

VSF-DVS Joint Inter-agency Policy	DVS Subsidiary Fund Management	Effective: July 1, 2020
VSF-DVS Policy Number 14		Revised: 6/24/2020

- I. VSF and DVS shall ensure that subsidiary funds held for: (1) nonrecurring expenses shall not exceed the estimated cost of the nonrecurring expense; and (2) funds held for emergency purposes shall not exceed the total of three year's expenditures unless an exemption has been approved by the VSF Board of Trustees with the concurrence of the DVS Commissioner.
- J. VSF and DVS shall strive to see that contingency funds that have not been used for over three years shall be transferred to the program sub-fund titled "Other Donations Restricted for use at _____ (the name of the program in question; e.g. cemeteries). If balances in the "Other Donations Restricted..." sub-fund continue to grow, then the Foundation may allocate such funds for use by other VSF or DVS programs – providing the funds were donated without a specific purpose designated. For those donations with a purpose designated, the contributions received will be used as specified by the donor. However, if the purpose of the donation has been met or no longer exists, the remaining funds may be used at the discretion of the VSF Board of Trustees to provide other support to Virginia's veterans and their families. All DVS reallocations shall have the concurrence of the DVS Commissioner.

J14.6 Procedures

- A. All donations will be deposited in the appropriate Subsidiary Fund or Sub-fund of the Veterans Services Fund and shall be managed in accordance with §§ 2.2-2715 et seq. Code of Virginia, applicable sections of the current Virginia Appropriation Act, and Commonwealth of Virginia regulations. Descriptions of Subsidiary Funds and Sub-funds may be found in VSF-DVS Joint Policy J13 (Veterans Services Fund Management) paragraph J13.9.D.
- B. Allocation of funds for DVS program subsidiary funds from the Fund may only be authorized by the majority vote of trustees present at a meeting in which there is a quorum.
- C. Sub-fund adjustments of amounts less than \$10,000 within subsidiary accounts in the annual budget may be made by the VSF Executive Director in accordance with funding levels established by the current edition of the Appropriations Act and Department of Planning and Budget adjustments to those funding levels. Amounts above \$10,000 shall be referred to the VSF Finance Committee Chair and the Board Chair for action as set forth in VSF Policy section F2.13.D. Any changes shall be subject to review and subsequent approval by the trustees at the next quarterly board meeting.
- D. Reallocation of sub-fund amounts of \$10,000 or more shall be forwarded to the Board Chair for action as follows. Depending on the circumstances, the Board Chair may consider it or refer it to the VSF Finance Committee Chair. Alternatively, the Board Chair could refer it to a meeting of the Executive Committee or defer it until the next board meeting. In any case, all changes shall be subject to review and subsequent approval by the trustees at the next quarterly board meeting.
- E. Expenditures for DVS activities approved by the trustees may be processed upon approval by the DVS division director that has responsibility for the activity.
- F. DVS Division Directors shall submit an annual budget request through the DVS Commissioner to VSF. Anticipated donations are furnished by the VSF. This normally is submitted on an annual basis at the request of the VSF Executive Director or DVS CFO. Budget requests shall outline expected donations and expenditures for the up-coming fiscal year for each of the established subsidiary and sub-funds.

VSF-DVS Joint Inter-agency Policy	Veterans Services Fund Allocation and Expenditure	Effective: TBD
VSF-DVS Joint Policy Number 14		Revised:

G. Donors expect that their contributions will be used as they have specified in a prompt and timely manner by VSF and DVS programs and services. If donations are not so used, then VSF, DVS, and the Commonwealth can be exposed to criticism because they hold the public trust, which cannot be violated.

H. Additionally, when there are excesses of donated funds, an inconsistency is created between requested income and expenses that directly carries over to appropriated funds for DVS and its programs. This inconsistency can cause DVS general funding to be lost when general fund budget reductions occur.

I. There are two possible exceptions to prompt and timely expenditure of subsidiary funds: (1) donations that are held for nonrecurring expenses such as construction, technology, and others that transcend one year's operations; and (2) those funds held for contingency purposes because revenues in any one given year may not be sufficient to fund recurring annual expenses.

J14.7 Budgeting Considerations

- A. The appropriation, allotment, and allocation process includes approval of priorities, establishing measurement metrics, measuring program performance, and obtaining quantitative and qualitative results. These results are used to assess each program's ability to meet specified objectives that contribute to established DVS and VSF goals as calculated by each programs' to use resources effectively. The information developed is used to determine how resources will be allocated in the biennium budget process for distribution of donated revenue. This is called Performance Budgeting or Performance Based Budgeting and is described in greater detail in Appendix B.
- B. The budget is the VSF central policy document which is supported by financial administration documents such as the current VSF-DVS Joint Policies. The VSF budget is a contract between VSF and DVS showing resources raised, on hand, and allocated for delivery of veterans programs and services. In the case of VSF, the budget is to provide supplemental funding for DVS programs and services. VSF funds are not to be used to supplant other general and non-general revenue accrued to DVS. VSF must have a comprehensive understanding of DVS general and non-general fund revenues and their uses for each DVS program, plus similar revenues devoted to other agencies that compliment DVS programs (e.g., homelessness abatement by the Department of Housing and Community Services). These are required so that VSF can design and implement a comprehensive, accurate, and reliable budget.
- C. Budgets should be managed within clear, credible, and predictable limits for fiscal policy. A sound fiscal policy is one that avoids build-up of large, unsustainable debts or excess revenue and that uses favorable income flows to build up resilience and buffers against more difficult times. Sound fiscal policy is enhanced through clear and verifiable fiscal rules or policy objectives.
- D. The VSF-DVS budget should be closely aligned with the medium-term spending priorities. The annual financial goals set boundaries for the main categories of spending for the year. A mid-term expenditure analysis is an important tool to determine not only where VSF currently is, but whether it will meet its annual financial goals. The analysis should be grounded on realistic forecasts for baseline expenditures based on past experience, of which ample data exists both in VSF and DVS. The budget should be flexible to ensure that expenditure boundaries are respected. This is with the understanding that there may be a need to revisit or realign financial

VSF-DVS Joint Inter-agency Policy	DVS Subsidiary Fund Management	Effective: July 1, 2020
VSF-DVS Policy Number 14		Revised: 6/24/2020

goals and priorities to take account of unforeseen developments. A regular process for reviewing existing expenditures exists in the Expenditure Guidelines (Section J14.10), but it must be supplemented by regular monthly analysis of expenditures made to ensure budgetary expectations and managed in line with assets available and anticipated.

- E. DVS and VSF budget documents and data must be open, transparent, (i.e., understandable) and widely distributed. This is required to keep on top of budget goals. Detailed monthly reports, including income and expense schedules, currently produced by DVS in conjunction with VSF should be available and widely distributed to promote timely and effective decision making, accountability, and oversight. More VSF and DVS participants need to be actively involved.
- F. Budgetary options should be realistically debatable by all participants. The process is detailed in Section J14.9. DVS Program leadership needs to be involved in discussions about budgetary policy options because they best know their priorities, funding requirements, difficult trade-offs, and goals to maximize the finite resources available.
- G. Budgets and their periodic updates should present a comprehensive, accurate, and reliable account of finances. They should account correctly and comprehensively all revenues and expenditures and the full financial costs and benefits of budget decisions. The benefits of budget decisions can be made available through periodic briefings by DVS program managers.
- H. Budget execution should be actively planned, managed, and continuously monitored. There should be some limited flexibility to reallocate funds throughout the year in the interests of effective management consistent with the broad purpose of the allocation, within the restrictions placed by donors.
- I. Performance evaluation and value for revenue should be integral to the budget process. VSF and DVS must understand not just what is being spent, but what is being accomplished on behalf of donors, veterans, and the Commonwealth. That is, what veterans services are being delivered and under what standards of quality and levels of efficiency. This requires detailed reports on specific outcomes by the DVS Division Director and the VSF Board of Trustees. Performance Budgeting as required by DPB would meet this requirement.
- J. Longer-term sustainability and other fiscal risks should be identified, assessed, and managed prudently. This promotes stability in providing resources.
- K. To maintain sustainability, avoid depletion of assets, and focus on immediate needs while planning for the future, a reserve fund is essential. The reserve fund contains the sum of funds on hand less the funds allocated for the current annual budget. The result is the amount of unallocated restricted funds from donors to support each designated DVS Program which are not part of the current annual Appropriations Act allocations, but available for expenditure on approval from DPB. For DVS divisions and programs, the reserve for subsidiary funds may be found in the subordinate accounts titled "Other Donations Restricted". At least 100% of the annual budget must remain in the reserve account for contingency purposes. The remainder may be available for investment for endowment purposes. Should the funds available in the reserve account be less than the amount in the current budget, expenses for the following year will have to be reduced by a comparable amount.
- L. Budgeting must consider the types of funds available for use. VSF non-general dedicated special funds are divided into two broad categories; restricted and unrestricted.

VSF-DVS Joint Inter-agency Policy	Veterans Services Fund Allocation and Expenditure	Effective: TBD
VSF-DVS Joint Policy Number 14		Revised:

1. Restricted funds are further subdivided into: (a) funds for general purposes such as those donated to VSF for veterans services purposes; (b) funds for specific programs such as those for the Virginia Veterans Care Center; and (c) funds for specific projects such as those designated for indigent care, events for veterans, homeless relief, Virginia Values Veterans (V3) for veterans employment. Priorities for budgeting for veterans' services are placed on these funds in inverse order.
 2. Unrestricted funds are divided into: (a) appropriated funds that were allotted to VSF for its operations and emergency support of veterans' services; and (b) interest received on the Veterans Services Fund that may be used for the same purposes as specified in the appropriated funds category.
- M. The integrity and quality of budgetary forecasts, fiscal plans, and budgetary implementation are promoted through rigorous quality assurance and independent audits. Both the internal and external financial control systems should have a role in quality assurance for cost effectiveness and performance accountability. There is a need for structured, institutional processes to provide scrutiny of all aspects of the budgeting system as previously described. This should extend beyond audits performed by the Virginia Auditor of Public Accounts.
- N. Additional information on the process and its timing is at [Appendix C](#).

J14.8 Appropriating, Allotting, and Allocating Financial Donations

- A. Appropriations are the legal spending authority for state agencies to incur expenditures. These appropriations are regulated through the use of allotments within the Appropriation Act and related legislation. VSF and DVS shall not expend funds against any appropriation until they have received an allotment of funds from the appropriation and have sufficient cash prior to any expenditure. DVS divisions cannot expend funds against any VSF dedicated special revenue allotment until they have received an allocation of funds from the allotment by VSF. Administrative responsibility for managing the process of appropriating and allotting funds rests with the Department of Planning and Budget (DPB) and administrative responsibility for managing allocations and expenditures of VSF funds resides with VSF. Unexpended VSF and DVS operating balances of VSF non-general dedicated special revenue funds shall be reestablished in accordance with the Code of Virginia and the Appropriation Act.
- B. The following procedures assume that donated funds are on hand to be spent. If funds are not available, they cannot be allocated or spent. The exception to the allocation process occurs when a new program is introduced and a fundraising goal is set in the Appropriations Act. There are no exceptions to spending funds that are not available.
- C. The formal budgeting, appropriation, allotment, and allocation process, which cannot be abridged, follows:
1. DVS divisions determine a need for funds during the current year for the next FY;
 2. DVS Commissioner approve/modify/disapprove the need;
 3. VSF Trustees approve/modify/disapprove the need and recommend a fund appropriation;
 4. VSF Treasurer forwards the appropriation request to DPB for analysis and approval/modification/ disapproval;

VSF-DVS Joint Inter-agency Policy	DVS Subsidiary Fund Management	Effective: July 1, 2020
VSF-DVS Policy Number 14		Revised: 6/24/2020

5. Governor includes the requested appropriation in the proposed annual budget for the next FY;
 6. The General Assembly approves/modifies/disapproves the appropriation;
 7. The Governor approves/modifies/disapproves the appropriation;
 8. If approved by the General Assembly and Governor, the appropriation allotment is placed in the annual Appropriations Act;
 9. VSF makes the allotted funds available to DVS as an allocation by subsidiary fund for expenditure after July 1 of the next FY;
 10. VSF publishes expenditure policy and monitors expenditures on a monthly basis to ensure they are in accordance with the donor's wishes and published policy.
- D. Budget adjustments during the fiscal year are made through the following process:
If the DVS division needs additional funds, they forward that need request with justification to DVS as follows:
1. DVS Commissioner approves/modifies/disapproves the request;
 2. VSF Trustees approve/modify/disapprove the need and recommend a fund reallocation;
 3. VSF Treasurer forwards the funding request to DPB for analysis and approval/modification/disapproval, if the allocation exceeds the funds allotted to VSF by the Appropriation Act;
 4. DPB approves/modifies/disapproves the request;
 5. VSF makes the allocated funds available to DVS for expenditure before the end of the FY;
 6. VSF monitors expenditures on a monthly basis to ensure they are in accordance with donor's wishes and published policy.
- E. Every biennial and annual budget appropriation request or midyear increases to the annual allotment must be approved by the VSF Trustees before DPB will take any action on the request.

J14.9 Subsidiary Fund Teams

Each DVS Division shall develop a team to direct and administer its Subsidiary Fund, including budgeting, allocation of funds, and expenditures, for the support of eligible recipients. Such direction and administration will be in accordance with this policy and the direction of the VSF Board of Trustees. Teams shall be headed by the DVS Division Director and include such Division personnel as required by the Division Director. The Teams shall include the DVS CFO and VSF Executive Director or their designated representatives for budget formulation. The duties of the Team shall be as follows:

- A. Request input and recommendations from DVS, the Board of Veterans Services, the Joint Leadership Council of Veterans Service Organizations, and other interested veterans and veterans support groups regarding potential needs and activities for the coming fiscal year or as needs arise.
- B. Review recommendations to ensure they are within the scope of the intent of the DVS and the VSF. No later than mid-April, the team shall develop an annual working budget for the coming fiscal year.
 1. The requested budget shall be based on detailed reports containing specific outcomes provided to the DVS Division Director and the VSF Board of Trustees.

VSF-DVS Joint Inter-agency Policy	Veterans Services Fund Allocation and Expenditure	Effective: TBD
VSF-DVS Joint Policy Number 14		Revised:

2. The requested budget shall not exceed the cash balance available to each DVS division, but may be increased by an estimate of expected donations for the year by program and decreased by the requested cash balance budget.
3. The estimate shall be made based on VSF projections of income for the year and revising as the year unfolds and income and expenditure balances are clearer.

This procedure would allow DVS to submit its budget requests in a range from bare minimum supplemental support needed to a higher amount based on estimated successful fundraising goals and should provide better budgeting and accounting procedures. The goal is to maximize VSF's fundraising capacity and resources to ensure those veterans' needs, not otherwise supportable from other sources, are provided from private contributions.

- C. Follow written criteria provided in this Joint Policy for Subsidiary and Sub-fund Fund expenditures, subject to the approval of the DVS Commissioner and the VSF Executive Secretary. See Section J14.10.
- D. Through the DVS Commissioner, submit the budget to the VSF Executive Director for Trustees review and approval.
- E. Through the DVS Commissioner, submit for approval any requested changes to the approved budget prior to implementation to the VSF Executive Director. Such changes must contain sufficient justification and funds must be available for the request to be approved by DPB. Such supplemental requests will be submitted through DVS Commissioner to the Foundation so that they can be considered at its next quarterly Board meeting.
- F. Retention of excess funds.
 1. VSF and DVS activities shall justify their need to retain excess funds exceeding three year's expenditures by submitting an annual spending plan that details excess fund use.
 2. The spending plans will be due with the annual FY budget submissions.
 3. If a question exists regarding the propriety of a fund overage, it shall be referred to the VSF Executive Director and the DVS CFO for mutual resolution among VSF, DVS, and the program involved.
 4. In addition to the annual spending plan, other reports on expenditures may be requested as required by the DVS Commissioner, the VSF Trustees or others for review. Expenditure reports also shall include underfunded or unfunded needs, if any.
 5. Financial records shall be maintained according to the State Comptroller's guidance and shall be audited by the Auditor of Public Accounts.

J14.10 Expenditure Guidelines for Donated Funds

- A. The following are the basic guidelines for funding from the Foundation with the exception of special circumstances that will require the approval of the Board of Trustees:
 - All donations will honor donor restrictions as to purpose.
 - VSF will adopt a budget for each activity based on requests from DVS divisions or programs and enter into funding agreements with each respective division or program.

make a request to the Board in special circumstances. Consideration for requests may be discussed with the Foundation Executive Director. J14.11 Procedures for Expending Donated Funds

- A. Expenditure requests, regardless of the purpose, shall be submitted to the DVS Division Director.
- B. The Division Director shall evaluate the request to ensure it meets the following criteria:
 - 1. Funds are available for the purchase or expenditure, and the expense conforms to the intent of the designated donation, the Expenditure Guidelines in Section J14.10, and the approved budget. Deviations from the approved budget shall be approved by the Trustees.
 - The expense is reasonable and practical.
 - 3. The expense is timely.
 - The expenditure does not conflict or overlap with other requests or expenditures.
- C. After approval by the Division Director, the purchase/expenditure will be made in accordance with Commonwealth of Virginia regulations. Purchases of goods and services that are received by the purchasing agency are controlled by the state procurement manual. Direct veterans assistance expenditures are considered benevolent gifts provided to veterans and their families.
- D. If a question exists regarding the propriety of a purchase or veterans direct assistance expenditure, it shall be referred to the VSF Executive Director and the DVS CFO.
- E. In addition to the Funding Levels and Services Report, other reports on expenditures shall be submitted monthly, or as requested, to the DVS Commissioner, the trustees or others for review. Expenditure reports also shall include underfunded or unfunded needs, if any.
- F. Financial records shall be maintained according to the State Comptroller and shall be subject to audit by the Auditor of Public Account.
- G. VSF and DVS activities shall justify their need to retain excess funds by submitting an annual spending plan that details excess fund use.
- H. The spending plans will be due with the annual FY budget submissions.
- I. If a question exists regarding the propriety of a fund overage, it shall be referred to the VSF Executive Director and the DVS CFO for mutual resolution among VSF, DVS, and the program involved.

J14.12 Reimbursement for DVS Expenditures

- A. VSF has the authority to delegate certain functions to agents, such as DVS, but retains the duty to monitor how donor funds are expended as governed by *Code of Virginia* § 64.2-1103.A. 3. and B. Therefore, as an economy measure, VSF has delegated the management of funds and their expenditures for DVS programs to the DVS Finance Office as a VSF agent, but retains the duty to monitor accounting and fund transactions. In particular, expenditures are controlled by VSF through the VSF Funding Guidelines approved by the Board

VSF-DVS Joint Inter-agency Policy	Veterans Services Fund Allocation and Expenditure	Effective: TBD
VSF-DVS Joint Policy Number 14		Revised:

of Trustees and the Secretary of Veterans and Defense Affairs and monitored by the Foundation Executive Director.

- B. VSF reimburses funds expended by DVS based upon a “Request for Reimbursement” for expenditures after they have been made. The Request for Reimbursement shall be provided by DVS accompanied by complete documentation needed to fully support the request.
- C. The Request for Reimbursement procedure requires DVS Division’s adherence to the Expenditure Guidelines contained in Section J14.10. In areas where no Expenditure Guidelines exist, DVS must inquire of VSF regarding the propriety of the expenditure before expending the funds or risk not being reimbursed. VVFS emergency situations can be accommodated by VSF transferring a onetime sum of cash as working capital to DVS, but DVS would still be at risk of not receiving specific reimbursement for any one or a part of a transfer request.

J14.13 Adoption and Amendment

- A. This policy may be adopted and amended by a majority vote of the VSF Board of Trustees after consultation with the Commissioner of Veterans Services. Notice regarding such actions shall be given to the Commissioner and Board members at least ten (10) days prior to the vote.
- B. Biennial review of this policy is the responsibility of the VSF Finance Committee in conjunction with the DSV Commissioner.
- C. This policy replaces in total VSF/DVS Joint Policy J6, J7, J8, and J9 all last reviewed on 11/9/2016.

Appendix A The Donor Bill of Rights

Philanthropy is based on voluntary action for the common good. It is a tradition of giving and sharing that is primary to the quality of life. To assure that philanthropy merits the respect and trust of the general public, and that donors and prospective donors can have full confidence in the not-for-profit organizations and causes they are asked to support, we declare that all donors have these rights:

- II. To be informed of the identity of those serving on the organization's governing board, and to expect the board to exercise prudent judgment in its stewardship responsibilities.
- III. To have access to the organization's most recent financial statements.
- IV. To be assured their gifts will be used for the purposes for which they were given.
- V. To receive appropriate acknowledgement and recognition.
- VI. To be assured that information about their donation is handled with respect and with confidentiality to the extent provided by law.
- VII. To expect that all relationships with individuals representing organizations of interest to the donor will be professional in nature.
- VIII. To be informed whether those seeking donations are volunteers, employees of the organization or hired solicitors.
- IX. To have the opportunity for their names to be deleted from mailing lists that an organization may intend to share.
- X. To feel free to ask questions when making a donation and to receive prompt, truthful and forthright answers.

The Donor Bill of Rights was created by the Association of Fundraising Professionals (AFP), the Association for Healthcare Philanthropy (AHP), the Council for Advancement and Support of Education (CASE), and the Giving Institute: Leading Consultants to Non-Profits. Performance Budgeting

Appendix B

The objective is to make the budget more effective by focusing on results of resources allocated to DVS programs that VSF supports. The basic principle of performance budgeting is accountability; measuring how well each respective project was implemented. Also by assessing how effectively the funds budgeted/allocated to the DVS project were used.

Performance based budgeting supports decision making by establishing a purpose, setting measurable objectives, and providing flexibility to achieve the desired outcome. Performance may be judged by a program's ability to certain objectives that contribute to establish goals within the constraints of the resources (or inputs) allocated. By linking inputs to program outcomes and not process outputs, accountability can be measured. A resource allocation decision can be made by determining which projects achieve the greatest outcomes by focusing on results.

The VSF Performance Budgeting Initiative process would be as follows:

- 1) At the DVS Commissioner level, project funding requirements would be scrubbed/reviewed, prioritized and recommendations prepared for presentation to the VSF for fund allocation.
- 2) The DVS recommendations would include prioritization and performance measures that can be used by the VSF to measure the results or effectiveness of the use of the funds allocated from the VSF.
- 3) Before the third quarter VSF meeting of each fiscal year, DVS would provide a detailed review that would precede the development and subsequent approval by VSF for allocating funds to DVS for expenditure the next fiscal year.
- 4) This review would address both prioritization and performance. The DVS and or its supported activity would be asked to answer a few basic questions. These would include:
 - a. What is the activity that requires additional funding?
 - b. What and why is the current funding insufficient?
 - c. What is its priority in comparison to the other requirements submitted by the DVS?
 - d. In the event the program is currently receiving additional VSF funding, how has it performed, based on performance metrics approved by VSF?
 - e. Should a program not be on track to obligate the budgeted VSF funding, is there a shortfall in requirements, or a failure to execute the level of activity associated with the budget?
- 5) VSF Trustees validate the need and recommend a fund allocation annually at the May meeting.

The key to this initiative is approving priorities, establishing measurement metrics, and measuring program performance using both quantitative and qualitative methods. This approach will provide information to make better choices, better decisions and in turn provide greater value.

Appendix C

Procedures for Requests for Funds

Introduction. The VSF biennial schedule by fiscal year for VSF operations and requesting funds for budgeting purposes is attached to this Appendix. The following procedures are provided for planning and may be used as the situation dictates for requesting funds for veterans services. The procedures are divided into requests for restricted funds and unrestricted funds.

Normal Budget Request Procedures for Restricted Funds.

Restricted funds are funds that have been donated for a particular purpose or program. They are placed in trust in the Veterans Services Fund. DVS provides requests to VSF through the annual budgeting process with updates through the year as the evolving situation requires. The initial budget approval process for both the biennium budget and adjustments for the following year takes about three months to complete in the spring of each year.

The process starts in about March with a request to DVS divisions for information about the requested allocations of funds for the current, the next year, or the next biennium. The request may be initiated either by the VSF Executive Director or the DVS CFO or by mutual agreement. The request must contain: (1) the prior year's budget, as adjusted; and (2) the base spending authority authorized by the current Appropriation Act. Written justification must accompany requests that exceed the base spending authority or are either urgent or unusual. DVS divisions may submit requests for expenditures they need or desire that exceed their spending authority or involve insufficient funds with written justification for the request.

The budget requests for the biennial or adjustments for the next year should be due to the DVS Commissioner by late April or early May so that the Commissioner's staff can review the requests and ask for additional information, if necessary. The budget requests must be received by VSF staff at least four weeks before the June Board of Trustees meeting for evaluation.

The budget requests are provided to the VSF Finance Committee Chair at least three weeks before the June Board meeting. The Chair may share them with the Finance Committee members for review prior to the Finance Committee meeting regarding the request's appropriateness, completeness, and funding availability from the restricted funds available. If additional information is needed, it is requested from DVDS through the VSF Executive Director. The budget request should be complete by the Finance Committee meeting for final consideration and a recommendation for approval by the Board of Trustees.

Should the DVS budget request require additional fundraising, the Finance Committee Chair shall share the request for funds with the VSF Development Committee Chair for consideration and recommendations. The review by the two committees may be abridged if no issues are foreseen by the committee chairs.

The Finance and Development Committee recommendations are presented to the Board of Trustees for approval. If there are differences between the two committees' recommendations, they must be resolved

at the Board meeting or tabled until the next meeting. Requests for updates/adjustments are handled with the same procedure on a quarterly basis each September, December, March, and June.

Special Budget Request Procedures for Unrestricted Funds.

Re request procedure follows the process and timelines as those set forth under “Normal Budget Request Procedures for Restricted Funds” without quarterly consideration of adjustments. Greater scrutiny is placed on the need for the funds, how the funds will be used, and the ability of the requestor to replace the funds. Regular reports are required regarding the use of funds and their replacement by the requestor.

Foundation Administration and Operations Policy

Appendix C

Veterans Services Unrestricted Revenue Fund and Foundation Support Fund Processing of Financial Requests Procedures

1. Purpose

This policy sets forth the procedures to be followed when allocating and expending the financial assets of the Unrestricted Revenue Fund and the Foundation Support Fund.

2. Overview

- A. The Unrestricted Revenue Fund is a subsidiary fund of the Veterans Services Fund that includes such funds as was or may be appropriated by the General Assembly, unrestricted donations to VSF, and interest accrued to the fund. The Unrestricted Revenue Fund is an income fund and the only stable asset VSF has. The appropriated funds and interest are for supporting VSF administration and operations and serving as a reserve of funds for emergency purposes. The unrestricted donor funds shall only be used for supporting the needs of veterans and their families. Revenues from the Unrestricted Revenue Fund cannot directly be used to cover VSF or DVS expenses. These expenses are made from the Foundation Support Fund.
- B. The Foundation Support Fund was created as a subsidiary fund of the Veterans Services Fund to cover VSF administration and operating expenses. Its expenditures are limited by current editions of the Commonwealth Appropriation Act.
- C. The Unrestricted Revenue Fund, through the Foundation Support Fund, may advance funds to cover DVS programs until these expenditures are replaced with donations, by DVS funds, or through state appropriations.

3. Definitions

The definitions contained in VSF Policy 4 apply to this policy along with the following:

- A. **Administrative Expenses:** These are what VSF or a DVS program spends on overhead, administrative staff and associated costs, and organizational meetings. For VSF operations, these expenses, which include staff, travel, and other administrative expenses, fall under the Foundation Support Fund.
- B. **Unrestricted Donor Fund:** This is a sub-fund of the Unrestricted Revenue Fund and consists of donations made to the Foundation for direct support of veterans and their families. This fund shall not be used for administrative or fundraising expenses.
- C. **Fundraising Expenses:** These are what the VSF spends to raise money. Fundraising expenses can include campaign printing, publicity, outreach, mailing, travel, and staffing and costs incurred in soliciting donations, memberships, and grants. For the VSF, these expenses fall under the Foundation Support Fund.
- D. **Contingency:** This is a planned situation where a VSF or DVS program need exists for funds that are not appropriated from the current Appropriations Act or approved by the Department of Planning and Budget.

VSF Policy No. 2		Reviewed:

- E. **Emergency:** This is an unplanned situation where a VSF or DVS urgent need exists for funds that are not appropriated from the current Appropriations Act or approved by the Department of Planning and Budget.
- F. **Foundation Operations:** They are the functions performed in support of the administration of the Foundation.
- G. **Program Expenses:** These are what the Foundation annually allocates primarily to the DVS programs and direct services to veterans and their families. For the VSF, these include emergency expenses associated with DVS programs, if they don't fall under Administrative Expenses.

4. Receive, Accept, and Record Financial Donations and Appropriations

The authorization and procedures to receive, accept, and record financial donations are contained in VSF-DVS Joint Policy 4 (13). The procedures for accepting and recording appropriated funds are contained in state financial regulations. Funds received for the Unrestricted Revenue Fund will be processed through the DVS Finance Office for the VSF.

5. Managing Unrestricted Revenue and Foundation Support Funds

The Unrestricted Revenue Fund and Foundation Support Fund shall be managed by the trustees and VSF Executive Director as follows:

- A. All balances in the Fund shall be maintained in an interest bearing account designated as the interest sub-fund of the Unrestricted Revenue Fund. Interest income generated by the Fund shall accrue to the VSF Unrestricted Revenue Fund, unless otherwise directed by the trustees or the current Commonwealth Appropriation Act.
- B. Upon completion of the activity for which Foundation Support Funds were used, the unspent portion of the appropriation for a specific activity shall remain in the Support Fund. However, the Support Fund shall not exceed the amount authorized by the Appropriation Act of the current year.
- C. At the end of each fiscal year, VSF trustees shall review account balances to determine the requirements for the coming year.
- D. The VSF Executive Director is responsible for directing and administering the Foundation Support Fund within authorized amounts. Expenditures for VSF operations are authorized by the Executive Director up to and including \$5,000. Amounts above \$5,000 shall be authorized by the Board of Trustees. The base budget allocation is contained in the current year Appropriation Act under "Dedicated Special Revenue". This amount may be increased with sufficient justification if funds are available upon approval of the Board of Trustees and the Department of Planning and Budget.
- E. The procedures to be followed by the Executive Director to adjust the Foundation Support Fund Budget shall be:
 - 1. Submit to the trustees for approval any requested changes to the approved operating budgets prior to implementation of any changes. Such changes must contain sufficient justification and funds must be available for the request that must be approved by the Department of Planning and Budget. Such supplemental requests will be submitted to VSF trustees so that they can be considered at its next quarterly meeting.
 - 2. Submit a quarterly report that summarizes allocated financial funding levels and services expenditures made from allocated funds to the trustees for their information and review. Additional reports may be requested on a more frequent basis.

- B. Funds shall be allocated on a replaceable basis from DVS, when available.
- C. The VSF Trustees reserve the right to request additional information upon which an informed decision may be made.
- D. The Trustees decision will be included in the VSF Board of Trustees minutes.
- E. Final approval of the allocation must be received from the Department of Planning and Budget before the allocation of funds can be executed, if the amount required exceeds the authorized allocation in the current Appropriations Act.

Annual FY22 Rider to DVS-VSF MOU September 9, 2021

1. The Memorandum of Understanding (MOU) between the Virginia Department of Veterans Services (VDVS) and the Virginia Veterans Services Foundation (VVSF) augments the provisions of the Code of Virginia §2.2-2000 et seq., §2.2-2715 et seq. This Rider to the MOU section 2.C supplements the Appropriation Act allotment of \$160,000.00 to VVSF for services provided to the Foundation by DVS.
2. This Rider is based on the premise that the VDVS – VVSF team must strive to maximize return on the allotment to resource services for effective mutual support. Both agencies recognize that the \$160,000.00 **was appropriated in the state GF budget for fiscal year 2022 (FY22)** and was based on a reasonable amount for current required services. While this ~~and that the~~ allotment is a set amount, **VVSF costs that exceed this amount cannot be absorbed by VDVS; if this is forecast to occur, then both agencies will confer to determine a way ahead, and will not increase with personnel and other services costs appropriated to agencies to cover increased expenditures placed upon the agency within the current FY22.** The VVSF Executive Director and the VDVS Chief Financial Officer will review this amount periodically, at least semi-annually to ensure it remains a reasonable amount. **If additional funds are required in the future, both agencies will need to analyze those additional costs and request additional funding through the state budget process.**
3. The allocation of funds for Fiscal Year 2022 (FY22) is set forth in the attachment (VVSF to VDVS General Fund Allocation for FY22) based on the following criteria:
 - A. The amounts allocated to personnel for their services are based on the hourly median salary for the position without fringe benefits, unless an individual is employed more than 72.5% of the time in VVSF business.
 - B. The cost of equipment, supplies, and other support shall be based on a share of the charges incurred by VDVS as assessed by other supporting state agencies (e.g., VITA, DGS, DOA) and state rates for travel and lodging.
 - C. The VDVS Communications office will provide services as requested by VVSF based on the allocated funds designated for marketing, outreach, public relations, and fundraising to raise awareness of VVSF's mission and the importance of the supplemental funding VVSF provides to support the various VDVS programs and services across the Commonwealth. **If VDVS and VSF agree that VDVS is not services are unable to be render the requested services, ed by VDVS, VVSF may use the funds allocated**~~allotted~~ **for marketing, outreach, public relations, and fundraising** ~~at their discretion to contract~~ **contract with**~~obtain~~ **outside vendors to perform the services.**
 - D. Website support provided by VDVS Communications Office and/or by the IT office is based on availability of funds allocated **and services needed.** ~~If VDVS and VSF agree that VDVS is not able to render the requested services, VSF may use the funds allocated to~~ **for marketing, outreach, public relations, and fundraising to obtain outside vendors to perform the services.**
 - E. **If services are unable to be rendered by VDVS, VVSF may use the allotted funds at their discretion to contract with outside vendors to perform the services.**
 - F.
 - G. Donor relations are the responsibility of VVSF. All donation requests and communications with donors ~~regarding donations~~ will be made through the VVSF office in coordination with the VVSF Executive Director.

H. VDVS CFO/VVSF Treasurer will meet with the VVSF Executive Director no later than March 31th of the fiscal year to ~~begin-the~~ reviewing the **current** balance of the account. **It is understood that the data needed to accurately evaluate the balance may not be available until April.**

4. VVSF shall reimburse VDVS semiannually in July and January in the amount of \$70,000.00 for each six month period and use the residual of \$20,000 during May-~~or June~~ ~~or June~~ for reconciliation of costs agreed upon by DVS CFO/VVFS Treasurer and VVSF Executive Director.

5. This Rider and the attached Annual Allocation of Funds shall be reviewed annually during May for the next fiscal year and approved by both VVSF and VDVS at the VVSF June quarterly meeting.

Background: When the Foundation became their own unique agency, the initial funding was only sufficient to cover the current Executive Director's salary without regard to increased Health Insurance or deferred comp elections, or potential employee recognition actions. Currently, the Foundation has to utilize \$3,2503 of Foundation funds to fully cover the salary and fringe costs for our 2nd Foundation employee. If only the insurance or deferred comp election status through increase in salary or other employee recognition actions, the Foundation would not be able to cover the cost of the employee.
